Bird Barrier

EBB 001

Bird Barrier, Size - 300mm, The strongest and most versatile bird deterrent device. Hinders pest birds access to any window configuration including courtyards, overhangs, ledges, commercial signage etc. These thin, steel spikes work by reducing the area available for birds to land on. As the birds do not come into contact with the spikes, the birds go unharmed hence keeping the window areas clean. Base Material - ABS Base + Steel Spikes
Finish : Silver
